

# All-New Recording King Gospel Songstress!

The newest model in the Recording King Contemporary Series, the Gospel Songstress is built with the same care and attention to detail as all Recording King guitars. To achieve the now legendary Recording King tone, the top is made of solid Sitka spruce and supported with fully scalloped forward x-bracing. The back and sides are solid African Mahogany, and the neck is also made from a single piece of solid mahogany.

The Gospel Songstress stands out from other acoustics thanks to appointments like the Celtic Trinity fretboard inlay and the carefully inlaid Gospel Dove on the headstock. Half moon shaped Grover tuners help to add modern style and performance.

The Gospel Songstress is available in either Dreadnaught or 000-Style body shapes. The RDC/ROC-26 is available with a solid Sitka spruce top and solid mahogany back and sides, and the RDC/ROC-16 is available with solid Sitka spruce top and mahogany back and sides.
